EXPERIENCE

Creative Front-End Developer

Self-employed, Tbilisi, Georgia
2017 - present

I've worked with more than 200 clients from all around the world, from indie devs to big teams, and from product companies to digital agencies. On the [Upwork](#) platform alone, you can find a track record of 190+ completed jobs with public feedback (average score 5/5). My profile has been featured as the 'Best SVG Freelancer to Hire,' 'Best WebGL Freelancer to Hire,' and 'Top Rated Plus'.

The areas where I have the most extensive experience:

- Graphic programming
- 2D and 3D animations: scroll-driven transitions, animated logos, interactive maps, infographics, product customisers, VR experiences, physics simulations
- Motion design and storytelling
- Data visualizations
- Regular front-end tasks

Field Application Engineer / Product Manager

EFO Ltd., St. Petersburg, Russia
2012 - 2017

- Embedded software development for low-power MCUs, various sensors, graphics controllers. Mostly C & assembly language
